EFFLORESCENCE CLEANER - DATA SHEET

DESCRIPTION

SEAL KING's Efflorescence Cleaner is specially formulated to remove ground in dirt and efflorescence (whitish salt) from paving stones.

BENEFITS

- Formulated to dissolve efflorescence (whitish salt).
- Removes ground in dirt.
- Brightens up the color of the stone.
- Prepares surface for sealing.

DIRECTIONS FOR APPLICATION

- Wear goggles and rubber gloves.
- Wet the surface with water.
- Attach garden hose to attachment sprayer.
- Push tab inwards.
- Apply, scrub and rinse.

CAUTION

- Keep out of reach of children.
- Keep away from skin, eyes and clothing.
- Do not breathe fumes.
- If contact occurs, call a physician or poison control center immediately.

PLEASE NOTE

- This product could damage surface if not diluted with water.
- Allow 60 days after purchase of new paving stone for efflorescence to rise to the surface before cleaning and sealing.

COVERAGE

- Approximately 800 sq. ft. / 2L or 64oz.

SIZES AVAILABLE:

1L (32oz.)
