LUME SURROUND

In a class of its own, the LUME Surround encases a smoke-less, wood burning fire pit insert within a large, rounded GFRC bowl, creating a rustic yet modern aesthetic reminiscent of the Olympic flame. For purists who prefer the crackle and smell of logs burning, but appreciate a uniquely sleek look, this gasless fire pit is available in four fabulous colors. As its name suggests, friends and family will surround this focal point in your outdoor space. Strike a match. Let the games begin.

Mined from the earth, these dark rocks contrast beautifully against a bright flame. Each rock is approximately 1" to 2" in diameter. 10lb bag / 40lb bag

LAVA STONE

Made from tumbled lava rock, these stones lend a casual elegance. Each stone is approximately 1" to 2" in diameter. 50lb bag

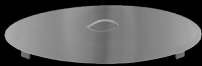

HOW MUCH MEDIA SHOULD I USE?

Choose your accents and jewelry for your fire feature.

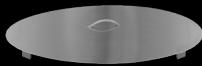

Over time logs can accumulate soot when they are in direct contact with flame from the fire pit. This is normal and should be cleaned periodically. Logs can be cleaned by removing them from the fire pit and using a brush to remove the soot.

GAS PIPE SIZING CHART

NOTE: The sizing charts list the specific pipe sizes required for the amount of BTU's for a new gas line installation. If you are using an existing gas line you must take into consideration the existing gas line capacities to ensure you will have proper pressure.

This chart is for reference only, we recommend you consult with a Licensed Plumber/Gas Fitter or NFPA54 (National Fuel Gas Code) for more details.
